## Professional Summary

Computer Science Student with expertise in Data Structures, and Algorithms, proven by 600+ coding challenges on LeetCode and GeeksforGeeks. Skilled in building scalable full-stack web applications with the MERN stack, interested in backend development. Passionate about applying technical skills to develop innovative solutions and grow as a Software Developer.

## Technical Skills

- **Programming Languages:** Java, JavaScript
- **Backend:** Node.js, Express.js, RESTful APIs
- **Frontend:** React.js, HTML5, CSS3
- **Databases:** MongoDB, MySQL, SQL
- **Core Computer Science:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

## Key Banking & Technology Projects

**Online Banking System** | [GitHub](#) | Node.js, Express.js, React.js, MySQL **June 2025 – Present**

- Developed full-stack banking platform with JWT authentication, secure transaction processing, and financial features
- Built RESTful APIs for fund transfers, balance inquiries, transaction history, account management, and notifications
- Designed MySQL database with optimized queries ensuring ACID compliance, high availability, and data integrity

**Healthcare Payment System** | [Live Demo](#) | MERN Stack **Mar 2025 – May 2025**

- Developed full-stack healthcare platform enabling patients to book appointments and manage their schedules
- Implemented doctor portal for appointment tracking, earnings overview, and profile management
- Built admin dashboard to manage appointments, doctor profiles, and overall platform operations with role-based authentication

**Job Portal Platform** | [Live Demo](#) | MERN Stack **Dec 2024 – Feb 2025**

- Built full-stack job portal with JWT authentication, role-based dashboards, and candidate-employer workflows
- Developed admin panel for job posting, application tracking, and analytics dashboard to manage platform operations
- Implemented candidate portal with resume upload, profile management, intelligent job matching

## Programming and Development Experience

**Java Programming & Web Development** **2023 – Present**

- Solved 600+ DSA problems in Java on LeetCode and GeeksforGeeks, strengthening problem-solving skills
- Built full-stack web applications, implementing secure RESTful APIs, optimized databases, and user-friendly interfaces
- Experienced in designing, developing, and deploying web applications with emphasis on scalable architecture

## Education

**Noida Institute of Engineering and Technology (NIET)** **Aug 2022 – May 2026**

*B.Tech in Computer Science Engineering*

*CGPA: 7.6/10.0*

**Shivam Intermediate College** **Jul 2020 – May 2021**

*Intermediate (Class XII)*

*84%*

**Jagdishwar Public School** **Jul 2018 – May 2019**

*High School (Class X)*

*86%*

## Certifications & Professional Development

- **ReactJS Professional Certification** – Infosys Springboard **November 2024**
- **Professional Communication Skills** – Coursera **November 2023**
- **HTML, CSS, and JavaScript for Web Developers** – Coursera **August 2023**

## Additional Qualifications

- **Languages:** English (Proficient), Hindi (Native)
- **Soft Skills:** Analytical thinking, team collaboration, adaptability, continuous learning mindset, quick learner
- **Hobbies:** Reading books, playing cricket, traveling, social interaction and collaboration
